

# The Cheesecake Factory

## Situation:

The expert culinary research and development team at The Cheesecake Factory headquarters and Culinary Center in Calabasas CA were in need of help with specialty projects.

## Their Need:

The overall goal was to work with a consulting team that could utilize their experience in industry while understanding technology and having a technical background to work on special projects with out compromising any Cheesecake Factory standards.

## Primary Skills Utilized for Completion of Projects:

- Understanding of Culinary Center Culture
- Working Within and Around Standards of Identity
- Culinary Presentations
- Culinary Panel Reviews
- Culinary Sensory Evaluations
- Understanding of New Technology
- Utilization of Technical Ingredients

## Results:

The Cheesecake Factory partnership with Chef Services Group continues to grow due to the understanding and emersion into the Culinary Center Culture. A understanding of Quality Standards and Mission Statement ensures that Chef Services Group will continue to produce work at acceptable levels.
