

# Cheddar & Swiss Cheese Mix

## Prep/Production Recipe Development

Scale to **0.16** Lbs.

| Ingredients              | Ounces | Pounds | Grams | % of Yield |
|--------------------------|--------|--------|-------|------------|
| Cheddar Cheese, shredded | 1.28   | 0.08   | 36.30 | 50.00%     |
| Swiss Cheese, shredded   | 1.28   | 0.08   | 36.30 | 50.00%     |
| Total                    | 2.6    | 0.2    | 72.6  | 100%       |

### Procedure:

1. Mix the two shredded cheese together. Store in a proper container. Refrigerate and label it.

### Critical Control Points

- Place into appropriate storage container(s)
- Cover, label, day dot, date and refrigerate
- Minimize cross contamination by cleaning and sanitizing thoroughly after handling raw PHF's.
- Held refrigerated at all times
